Projects

Uncle Buddy's Phantom Funhouse

URL The reconstruction of a whimsical but semi-cryptic game following the story of Arthur Newkirk and his questionable existence

Animation Team, August-December 2022
Animated 3D assets for the Trailer
Collaborated on storyboards, music, and pacing

Tomato Love

URL An original 3D animation inspired by the Shakespearian play Romeo and Juliet, following the budding relationship of two cherry tomatoes, Tom and Goldie.

Lead Animator, September-October 2021
Modeled some 3D assets
Provided the pacing

Mia and the Beast

URL A subversion of expectation of a Red Riding Hood trope, where a small creature known as Mia befriends a hulking, visually intimidating beast. A slight nod in not judging a book by its cover.
