PROJECTS AND PROFESSIONAL EXPERIENCE

Uncle Buddy's Phantom Funhouse: Reconstruction of a Narrative Game

URL: <https://dtc-wsuv.org/projects/uncle-buddy/>

The reconstruction of an interactive narrative game that was originally published in 1993.

Team Leader for the Motion Graphics and 3D Modeling Team, Fall '22

- Helped to oversee the production of the project that took place with my team including a 3D animated trailer, rotoscoped music video, and editing old audio and photos
- Coordinated with other team leaders to solve issues that may arise in their teams
- Maintained the assets my team created and organized them on a hard drive at the end of the semester

Hello, Future

URL: <https://vimeo.com/754065274>

A message to the humans of the future, *Hello, Future* was created to act like a time capsule with information such as advice, history, and a call to action. The video was preserved by being uploaded to the internet via Vimeo and personal cloud.

Director, Editor, and Writer, Fall '21

- Created subtitles to make the video accessible
- Recorded audio/voiceover

Live for the Thrill: One Man's Love of Street-Style Motorcycles

URL: <https://vimeo.com/637943671>

A video interview of a motorcyclist and how one of his favorite things to do is ride street-style motorcycles.

Director, Editor, and Writer, Fall '20

- Conducted interview
- Wrote questions that help stay on topic
- Edited the video to be concise and entertaining

OTHER EXPERIENCE

Student Ambassador, Summer '20 - Current

Washington State University Vancouver, Vancouver WA

- Represent the campus to the community
- Assist with orientation, Preview Days, and other campus events related to admissions
- Giving tours of the campus for incoming freshman students
